Thanks Mr. Lee,

I appreciate the communication with TAT and the discussion regarding the Crestwood brine spill at Bear Den Bay, which occurred last July.

I believe that a Federal/Tribal partnership will serve all of our common interests well. Please do not hesitate to contact me if you believe that the Corps can be of assistance.

Here's the contact information you requested for Mr. Steve Way with EPA Region 8 out of Denver:

Steven Way
Federal On-Scene Coordinator
Emergency Response Unit
US EPA - Region 8
1595 Wynkoop Street
Denver, CO 80202
Office: 303-312-6723

I've copy furnished him on this message so you should also have his e-mail. As discussed, Mr. Way indicated that the EPA would be willing to assist in spill response efforts as well. Let us know if you need any additional information?

Ms. Danks,

Please find the attached information that was also submitted to the Three Affiliated Tribes and that you have requested. I do apologize that we have not been in communication, this is an oversight on my part. Once you and your team have had time to review the information, please give me a call and we can discuss. If you would like to set up a time to meet face to face with all parties involved let me know. (BIA, MHA, MHA contractor WHPacific, Crestwood and Crestwood contractor Keitu).

As you review if you have questions or need more information please do not hesitate to contact me anytime.

Regards
